Title	<p>Poor</p> <p>No title on presentation.</p>	<p>Fair</p> <p>Title has mistakes or lacks creativity.</p>	<p>Average</p> <p>Title is present and has some creativity.</p>	<p>Good</p> <p>Title is present and creative.</p>	<p>Excellent</p> <p>Title is present, very original and creative, has a catchiness to it.</p>
Newton's Life	<p>Poor</p> <p>The overview of his life is mentioned but is scarce. Info is limited and/or missing.</p>	<p>Fair</p> <p>His life is discussed and a few specific examples are mentioned. No quotes are used.</p>	<p>Average</p> <p>His life is discussed in limited detail using at least 4 specific examples that are relevant. At least 1 relevant quotes are used.</p>	<p>Good</p> <p>His life is discussed in detail using at least 6 detailed examples that are relevant and at least 2 quotes.</p>	<p>Excellent</p> <p>His life is discussed in great detail using at least 6 detailed examples that are relevant and at least 4 quotes.</p>
Math & Science	<p>Poor</p> <p>His Math & Science influence is mentioned but is scarce. Info is limited and/or missing.</p>	<p>Fair</p> <p>His math & Science is discussed using a few specific examples. No formulas/calculations are used.</p>	<p>Average</p> <p>His math & Science is discussed but limited. There are at least 1 specific examples of formulas/calculations used.</p>	<p>Good</p> <p>His math & Science is discussed in detail. There are at least 2 specific examples of formulas/calculations used that are relevant.</p>	<p>Excellent</p> <p>His math & Science is discussed in great detail. There are at least 4 specific examples of formulas/calculations used that are relevant and creative.</p>
3 Laws of Motion	<p>Poor</p> <p>Laws are not discussed or missing.</p>	<p>Fair</p> <p>Only 1 law is discussed correctly.</p>	<p>Average</p> <p>Two out of three of his laws are discussed correctly. Some attempt to connect to the real world is made but is confusing.</p>	<p>Good</p> <p>All three laws are discussed correctly but may not be completely relevant. The laws are connected to the real world but may be confusing at times.</p>	<p>Excellent</p> <p>All three laws are discussed and relevant to the project. They are clear and well developed, easy to understand and connected to the real-world.</p>
Visuals and Demos	<p>Poor</p> <p>Project has no visuals.</p>	<p>Fair</p> <p>Project includes visuals but most are not accurate representations of Newton and the laws of motion.</p>	<p>Average</p> <p>Project includes 1 accurate visual/ demonstration of Newton and the laws of motion.</p>	<p>Good</p> <p>Project includes at least 2 accurate illustrations/demos of the laws of motion.</p>	<p>Excellent</p> <p>Project includes at least 3 accurate illustrations/demos of the laws of motion.</p>

	Poor	Fair	Average	Good	Excellent
Explanation Visuals/Demos	All information is inaccurate and not related to task required.	information is inaccurate Major errors in visual/demo or explanation information is incomplete	information is partly accurate *Noticeable errors in visual/demo or explanation information is mostly complete	information is accurate *No major errors in visual/demo or explanation information is mostly complete	*All information is accurate * No errors in visual/demo or explanation information is complete
Organization	No transitions, no images, presentation has no flow.	Very few transitions are used, images are not relevant, presentation is unorganized.	Smooth transitions are used some of the time, most images are relevant, presentation flows well.	Smooth transitions are used most of the time, images are relevant, presentation flows well and is interesting.	Transitions enhance the presentation, layout of images are pleasing to the eye, presentation reflects extensive understanding of concepts.
Creativity	No creative effort is used to stand out.	Some creativity is used to present information.	Creativity is used most of the time but may not be relevant or clear.	Presentation is creative throughout, makes sense and is clear throughout.	The group goes above and beyond to create a unique and original presentation that is creative from start to finish and presents all the information without errors.
